~~expenditure already incurred~~ Cost involved in connection with fresh Ration Census will be in addition to the Rs 12,000/- already incurred. As the taking of fresh ration census involves an addl cost to govt he suggests that fresh ration census may not be necessary and considers that fresh ration cards could be issued in the light of the basis of declaration now received and verified.

Law Minister, Mr. K. Srinivasan, Mr. Ananda Ranga & the Hl. Sec. were present.

10) Mr. Srinivasan said he had discussed the question of postponing the date of the Census in the Coorg State, originally fixed for the 24th August, with the Collector & had agreed to Law it on 15th Sept. along with the City.

11) The following decisions were taken:-

(1) A Railway Census Officer may be appointed immediately. Mr. Varier Ahmed, who has already had experience of the Food Supply Dept., may be appointed to the post & is now sent to the Controller of Civil Supplies.

(2) Notification regarding the taking of the Census & appointment of the Officer to be issued.

(3) The D.F.S., the Hl. Sec. & the Sec. Law to discuss details of the steps required and submit proposals.

(4) Meanwhile the D.F.S. to go ahead with the arrangements and make the expenditure absolutely necessary.

27 JUL 1946

OFFICE OF THE
DIRECTOR OF FOOD SUPPLIES
IN MYSORE,
Bangalore, dated July 27th, 1946.

FROM N.Puttarangaswamy, Esq., B.Sc.,
Additional *Director of Food Supplies in Mysore, Bangalore.*

To
Charles E. Noronha, Esq., M.A.,
Secretary to Government, Development Department,
(Food Supplies),
BANGALORE.

SIR,

Subject: FRESH RATION CENSUS IN BANGALORE CITY.

With reference to your letter No.SD.9344-R.145-45-4 dated 21-6-1946, and in continuation of this office letter No.E1-661-C. 6975-45-6 dated 20-6-46, on the above subject, I have the honour to forward herewith a copy of letter No.E1-22-46-47 dated 10th July 1946 together with a statement of proposals, from the Rationing Officer, Bangalore City, formulating his proposals for additional establishment and expenditure required to conduct a thorough ration census in the City as was done in 1943. As pointed out by the Rationing Officer, Bangalore City, the absence of an active and alert A.R.P.Organisation as in 1943 makes it necessary to evolve a complete Government machinery to conduct the elaborate ration census of all householders and establishments in Bangalore City. I have carefully examined the proposals of the Rationing Officer and have effected certain alterations in the number and salaries proposed for the additional staff reducing the expenditure from Rs.62,140/- to Rs.45,320/- A statement as revised is also enclosed herewith for the information of Government.

2. I consider that the ration census cannot be conducted without the additional staff and expenditure as proposed and therefore request that very early sanction of Government may kindly be obtained for the expenditure of Rs.45,320/- and communicated very early as our ration census should synchronise with the ration census in Civil and Military Station. Orders of Government are also requested in the matter of posting

a Senior Officer as Chief Ration Census Officer for a period of 4 months as the Rationing Officer, Bangalore City cannot, in addition to his own work, attend to ration census which requires the attention of an wholetime officer.

3. I may, however, point out that as already reported in this office letter No.El-C.6118/45-46 dated 3-6-1946, declarations, havebeen called for and checked up recently in Bangalore City at a costof Rs.12,000/- and the extra cost of Rs.45,320/- involved in the fresh ration census is in addition to that cost. [illegible]

Further, the ration cards in use at present expire by the end of August 1946 and therefore fresh cards will have to be issued immediately and another set of fresh cards or atleast pasting in slips will have to be issued later on after the proposed elaborate ration census is over. This would involve further extra expenditure. In the circumstances, a fresh ration census may not be necessary, and I still consider that fresh rationcards could be issued in the City on the basis of declarations now received and verified.

Early orders of Government are requested in the matter.

I have the honour to be,

S i r,

Your most obedient servant,

27/7

ADDITIONAL DIRECTOR OF FOOD SUPPLIES.

27/7

(8)

No. E. 22/46-47.
(In duplicate).

Office of the Rationing Officer,
Bangalore City,
Dated 9th July 1946.

To

The Director of Food Supplies in Mysore,
BANGALORE.

Sir,

Re:- FRESH RATION CENSUS - BANGALORE CITY.

With reference to your letter No.E1.661-C.6975/45-6 dated 20th June 1946 on the above subject, I have the honour to submit herewith proposals for holding a fresh Ration Census and to state as follows:-

2. As already represented in person, following proposals are based on the understanding that the Census will be of the type of the Ration Census taken in October 1943.

3. NEW CIRCUMSTANCES.

Since 1943 there have been several changes in the conditions prevailing in Bangalore City which have rendered taking of a Ration Census, much more difficult than it was in October 1943. I particularly refer to the circumstance that in 1943, we had an active and alert A.R.P. organisation throughout the City which was switched on to action at short notice. This organisation whole-heartedly co-operated with our arrangements at the time. Therefore the necessity for a purely official organisation for this purpose, was then considered to be not necessary. Further there has been large addition to the population of the City since then and hence the work of enumeration and tabulation has proportionately increased. In consideration of these changed circumstances, the following proposals are submitted for favour of approval.

4. ESTIMATED COST.

I enclose herein a statement showing the details of the estimated cost to be incurred in connection with the holding of the proposed Census with particulars of the establishment (gazette and non-gazetted) required for the purpose. The total cost is estimated at Rs. ....XXX? 62,140.

5. MAJOR ITEMS I now refer to some of the major items mentioned in the statement explaining the need for the same. Minor items are self-explanatory.

(4)

6. RECURRING EXECUTIVE EXTABLISHMENT.

a. Chief Ration Census Officer. It is impossible for the Rationing Officer, to conduct the proposed Ration Census in addition to his legetimate work. Further, the nature of the work is such that it engages the wholetime attention of an independent Officer. It is therefore proposed that under the Mysore Ration Census Order, a separate Chief Ration Census Officer has to be appointed for atleast a period of four months.

b. Asst. Rationing Officers. At the previous Census in 1943, there were available 3 A.R.P. Wardens one for each Circle to supervise the entire work of the Circle. Now that facility being not available it is necessary to give the Chief Ration Census Officer, 3 Asst. Rationing Officers, one for each Circle.

c. Food Inspectors. It is proposed to appoint 12 Food Inspectors on Rs.100/- plus 20 C.A.; 9 Food Inspectors at the rate of one to each of the 9 Municipal Divisions and one additional Food Inspector for each of the 2nd and 3rd Divisions in view of the fact that the population in these divisions is very large. The jurisdiction will be bifurcated as 2-A & 2-B and 3-A & 3-B Divisions. The twelfth Food Inspector is intended for being sent round on executive errands and to be at the disposal of the Chief Ration Census Officer at the Central Office.

d. Asst. Food Inspectors. It is proposed to appoint 22 Asst. Food Inspectors on Rs.60/- plus 15/- C.A. each Food Inspector being assisted by 2 Asst. Food Inspectors.

7. SPECIAL SALARY. This Census work is of a special nature and has to be carried out within a specified time and therefore it is absolutely necessary that some additional inducement has to be given to the staff that undertake this work and to maintain their enthusiasm during the period. The period being short, extra cost will not be much. It is therefore proposed to give to the Food Inspectors referred to in the above Rs.100/- plus 20/- C.A. each and Asst. Food Inspectors Rs.60 plus 15 C.A. per mensem. It is ascertained that overtime allowances had been given on the previous occasion

and

and hence the slightly higher salaries are proposed.

8. MINISTERIAL ESTABLISHMENT.

a. Central Office Establishment. A minimum establishment of 9 ministerial hands is necessary for the Central Office and the designation referred to in the enclosed statement describe the work entrusted to them.

b. Some more hands are proposed for the Asst. Rationing Offices Census and Food Offices Census.

c. Tabulations. 40 Clerks have been provided for a period of 2 months immediately after the Census as tabulation will have to commence then. It is proposed that after the tabulation is over, the results of the tabulation will have to be incorporated in the Ration Cards. Whenever an increase is to be effected in the card, the party concerned will be required to approach the Food Inspector of the Division concerned for actual investigation and needful action being taken in the matter.

9. MENIAL ESTABLISHMENT. The Food Inspectors have been allowed in view of their heavy executive work 2 peons each and Asst. Food Inspectors one peon each. The rest of the allocation of the peons is self-explanatory and is the bare minimum required for the very heavy and incessant work that will involve on the staff during the period.

The executive and the ministerial establishment asked for excepting the staff for tabulation may be kindly sanctioned for a period of four months. Of this period about 2 months will be necessary for preparatory work such as fixing up of premises for offices, securing necessary personnel of nearly 2,500 Census Officers, holding meetings all over the City, appointment of several members of the staff, printing of forms, mapping out of areas for fixing responsibility, numbering of premises of the un-numbered dwellings huts etc., Naturally during the first month the full establishment will not be working as it is only after the appointment of the Chief Ration Census Officer that the several appointments could be made. During the

(6)

the remaining 2 months, after the Census, the staff will have ample work in collecting the forms and in supervising the tabulation work in submitting a final report and the winding up of accounts and office.

10. NON-RECURRING. (REMUNERATION TO CENSUS OFFICERS)

a. Remuneration to the Census Officers at the Ration Census of 1943 was at first fixed at Rs.3/- per head. But subsequently in consideration of the un-usually heavy work that devolved on them, it was enhanced to Rs.5/-. But it was not then sanctioned. In view of the heavy work involved and also inview of the fact that willing workers will have to be attracted to take up this work, it is necessary to give them Rs.5/- per head. This will cover their conveyance and lunch charges during the period. I am of opinion that even this amount cannot be considered as adequate. We will have to appeal to their sense of social service. Gentlemen of higher earning capacity will have to be enlisted for the work. The present population of Bangalore City stands at 4,65,000. It is estaimated that there are about 93,000 families to be enumerated. Hence provision has to be made for a maximum of 2,000 enumerators roughly at the rate of 50 families per enumerator and the figure 50 is only an indicator. There may be a decrease when the belt area cards are actually transferred.

ENUMERATORS

SUPERVISORS. For every 5 enumerators at least one supervisor who will have to be responsible for the proper check of the Census within the area will have to be provided. The work of census being conducted by 2,400 enumerators simultaneously for 3 days in succession will also require a relief batch of atleast 100 workers to be distributed throughout the City to fill up the gaps as and whenever they occur. Hence a total provision of 12,500 rupees as remuneration has been made for the 2,500 workers in all.

RESERVES

b. Office rent for 15 offices for a period of four months is estimated at Rs.3,000.

c. Taxi Hire. It would be necessary on the peak days of

(7)

of activity as also that a few days prior and after the actual census for making preliminary arrangements as well as for re-collecting forms issued with supervising officers and the Asst. Rationing Officer to be moving about very frequently in their circles. It may be contendéd that since aonveyance allowances have been provided for these officers, the provision for the taxi hire is superfluous. But it is not so. The frequency of visits and the milleage covered during the peak days of activity will be such that if the Officer maintains a cycle it will be impossible for him to cycle about the area during these days as frequently as the work demands. If the Officer maintains a car the petrol consumption during those days will surely exceed the conveyance allowance granted for the entire four months. If this is not sanctioned, there is a likelihood of the supervision being not so effective as it ought to be as the cost of required petrol will be prohibitive. Further when the Officers go round the local census Officers will also have to be taken round with them, hence the provision of taxi hire for four officers, i.e., Chief and Asst. Rationing Officers (Census) is proposed. The expenditure on this account on the last occasion was greatly minimised by the partial utilisation of A.R.P. vehicles.

d. A provision of Rs.500 under contingency may be allotted for numbering the huts in the borders of the City and supply of gum, thread, etc. Lights will also have to be provided at times during the peak days of activity of this contingency.

e. 2,000 stamp pads have to be hired for the purpose and hence the provision of Rs.1,500 may stand.

f. Typewriters. Two typewriters are to be placed at the disposal of the Chief Ration Census Officer. This item may be deleted if typewriters can be secured from other departments.

PUBLICITY. g. It would be very necessary to publish in Kannada and Urdu advertisements in the local dailies before-hand to advise

(8)

advise the public these advertisements will have to be repeated daily in the papers in advance of the due dates and hence 500 rupees has been provided for advertisement charges. It will not be practicable to get this done immediately through the publicity officer.

BICYCLE. h. 5 Bicycles; 2 for the Chief Ration Census Officer and 3 for 3 circle Offices have to be provided.

TELEPHONES. i. The Chief Ration Census Officer has to be provided with a telephone to his office and also to his house as very many occasions arise for getting into contact with persons throughout the City, in and out of office hours. If the work has to be executed well and in time each of the Asst. Rationing Officers will have to be provided similarly with telephones at least to their offices. Hence 5 telephones are proposed.

FURNITURE j. Furniture hire amount is estimated at Rs.2,500 consistently with the number of persons to be provided with furniture for a period of four months.

11. CENSUS PROCEDURE. Procedure to be adopted for the checking of ration census will be the same as that adopted in October 1943. Drafts of Notifications and the instructions to be issued to the Census Officers are herein enclosed for approval.

12. PRINTING AND STATIONARY. Superintendent, Government Printing may kindly be requested to supply promptly on requisition from the Chief Ration Census Officer such printed forms and in such quantities as might be necessary. The Superintendent, Govt. Stationary may kindly be requested to place at the disposal of the Chief Ration Census Officer stationary required for the purpose.

13. EXEMPTION FROM C.R.B. RULES. As regards the entertainment of the staff it is obvious that, when the work of this colossal nature has to be got done within a limited space of time, the Chief Ration Census Officer should be at full liberty to appoint the best available amongst the candidates that he can get hold of after

(91)

after advertisement in the local dailies. It will not be practicable for him to wait till all the formalities required by the Public Service Commissioner Rules are observed and exemption will have to be granted in this specific directions.

14. CO-OPERATION FROM HEADS OF DEPARTMENTS AND LARGE EMPLOYERS. Heads of Departments will have to be requested to spare and place at the disposal of the Chief Ration Census Officer such of the officials and teachers as he may require for this census work. Similar requisition will have to be made to large industrial concerns also.

15. Dr. B.M.Madhava Rao, Chief Scout Commissioner whom I consulted has as usual promised to extend his whole-hearted co-operation in the matter.

16. EXISTING DECLARATION STAFF. In your Memo No.E, 661.C. 6975/45-46 dated 20.6.46 I have been directed to partly make use of the staff sanctioned for checking the Declaration Forms in Bangalore City. In this connection I submit that the work already allotted to them is heavy enough besides their term will expire on 1-8-1946. Further these proposals to take a fresh Ration Census is in addition to and independently of checking of declaration now going on in fairly satisfactory manner and it is not definitely known as when these proposals will be put into operation. Hence I have not taken into account the existing declaration staff in making these proposals.

17. I have already addressed the Collector, C.& M. Station (Copy enclosed) in this connection and his reply is awaited. Similar arrangements will have to be made for the belt area also in accordance with instructions conveyed in your No.E1.6113/45-6 dated 28th June 1946 addressed to the Secretary to Government, Development Department.

18. Actual date of Census and details of Census will be submitted after sanction is received for these proposals and

(101)

and Officer begins to function along with his staff.

I have the honour to be,
Sir,
Your most obedient servant,

M.A. Rahman Khan

~~RATIONING~~ OFFICER,
